*Hazy India Pale Lager*

Seasonal - The hazy India Pale Lager is making its 16oz can debut with a slightly tweaked dry hop treatment from the most previous release in 2016. We doubled down on the dry hop and incorporated New Zealand Motueka and German Mandarina Bavaria hops. For good measure we hit it with some Citra. We knew you wouldn't mind. Soft and citrus-saturated hazy lager that's an absolute crusher.
